

2016 EMPLOYER SOLUTION YEAR IN REVIEW

A Solution That Works

EMPLOYER SOLUTION PURPOSE AND VALUE

Employee financial wellness is increasingly recognized as a cornerstone strategy to boost worker productivity, retention, safety, and engagement. Out of 400+ HR professionals surveyed, 85% agreed that there is a decrease in employee productivity at work when employees are faced with financial stress. In addition, 61% agreed that personal finances have an impact on overall workplace performance.ⁱ

American workers are increasingly anxious about their financial stability. The Employer Solution brings Neighborhood Trust’s proven financial empowerment model to the workplace, improving job quality and the financial health of workers by providing support to workers who are struggling with day-to-day financial management.

2016 SNAPSHOT

- 1,640 employee-clients served
- Doubled customer portfolio, welcoming flagship customer Fresh Direct
- 50% of our customers are healthcare employers
- Diversified service delivery options – now offering remote financial counseling
- Administered comprehensive 2016 employee-client survey to improve service offerings

Results from our 2016 employee-client surveyⁱⁱ:

had a solid financial plan following service

agreed the service helped them reach their financial goals

reported reduced stress after service

Responses also indicate the benefit to our employer customers:

believes their employer cares about their well-being by offering service

would recommend their employer to others

have fewer distractions at work following service

Our growing portfolio of employers – including local, regional, gig, union, and 24/7 environments – are benefiting from improved worker engagement and productivity. We have close to a 100% renewal rate for 2017.

We’re excited to share some of the highlights from 2016, as well as our big plans for the coming year.

EMPLOYER SOLUTION OUTCOMESⁱⁱⁱ

Neighborhood Trust is making our customers’ workforces more financially secure. In 2016:

1,115 clients came to us with debt. 43% were able to reduce their debt following service, by a total of \$913,136.

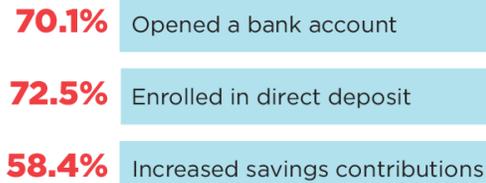

Of those 1,115, 71.8% had credit card debt before service. We helped 38% of them reduce their credit card debt, by a total of \$296,963.

We helped 908 clients improve or establish their credit. Those who improved their credit increased their score by 28 points on average.

The Consumer Financial Protection Bureau reports that each employee who reports high levels of stress costs his or her employer an additional \$413 per year!^{iv}

POSITIVE BEHAVIORS FOLLOWING SERVICE^v

Our service is changing how employees manage their financial lives, as indicated by our 2016 client survey. Not only do these improvements make employees more stable, but they also create efficiencies for their employers.

LOOKING AHEAD

Neighborhood Trust is leading the market in developing innovative and safe solutions for low-to-moderate wage workers.

Trusted Advisor 2.0

ⁱ According to SHRM’s Financial Wellness in the Workplace survey, 2014.

ⁱⁱ According to Neighborhood Trust’s 2016 employee-client survey (n=175). Respondents were asked to assess impact and changes following ES service.

ⁱⁱⁱ Neighborhood Trust waits six months to pull credit reports a second time to evaluate credit and debt outcomes; therefore, new clients whose first service was in the second half of 2016 were not included.

^{iv} According to CFPB’s Financial Wellness at Work report, 2014.

^v According to Neighborhood Trust's 2016 employee-client survey. Percentages were calculated by dividing the # of respondents who indicated a change by the # of respondents eligible for that change (e.g. # of clients who indicated that they opened a bank account / # of clients who indicated they did not already have a bank account).
